Author's Notes:
Another KISS drabble.

„I'm so fat," Gene complained, staring at his mirror image. "I'm fat and ugly and old."

"If you say so," Paul murmured disinterested while putting on his stage make-up, a large mirror in front of him.

He was used to Gene's pre-show hysteria.

"My hair is a mess. It's AWFUL! Yours look much better."

"Exactly," Paul cruelly said.

"See?" Gene whined. "And look, there's an ugly pimple on my nose. AWFUL! And my demon's outfit is RIDICULOUS ... I'm fat and old."

"That's right." Paul had finished his Starchild make-up.

"Eh?"

"We will need restoration specialists to freshen you up!"
